SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

- **CDPH Statewide Travel Advisory**

As of 04/02/21, CDPH and the CDC recommend delaying travel until persons are fully vaccinated. For more information visit: <https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/COVID-19/Travel-Advisory.aspx>

On 04/21/21, the State Operations Center (SOC) changed the reporting tempo for the COVID-19 Sit Stat and Trifold Reports from daily to once a week. Updated reports can be expected every Tuesday of each week until further notice.

SITUATION SUMMARY

Coronavirus Disease 2019 (COVID-19) (Continued)

Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 06/01/21 at 1100 hours:

- 171,724,175 (+3,428,782) total confirmed cases
- 3,570,764 (+77,436) total deaths

Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 06/01/21 at 1000 hours:

- 33,093,238 (+123,333) total confirmed cases
- 591,539 (+3,709) total deaths

Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 06/01/21 at 1100 hours:

- 3,685,455 (+10,793) total confirmed cases

COVID-19 Vaccines Administered – Per Vaccine Task Force as of 05/31/21 at 2359 hours:

- 37,557,507 (+1,045,950) vaccines administered
- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- Red Flag Warning issued for Siskiyou and Modoc Counties for 06/05/21 from 1300 to 2100.
 - Fire Weather Watch issued for the eastern Sierras for Sunday and Monday.

SOUTHERN CALIFORNIA

- Excessive Heat Warning is in effect from Wednesday through Friday evening will create elevated fire weather conditions for the Interior Valleys - San Bernardino - Upper Colorado River Valley and Inyo - Death Valley National Park.

Active Weather Warnings, Watches and Advisories by County:

<http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER KEY POINTS

06/04/21 - 06/10/21

Friday - Thursday

- Generally dry conditions are expected through the weekend and into next week, though isolated showers and thunderstorms are possible in the afternoons across the mountains of Inland Region, especially Friday
- Hot temperatures will continue over much of the state through Friday, with widespread 90s or 100+ degree readings expected across the southern deserts. Moderate to locally high heat risk is expected. A cooling trend is expected through the weekend, though areas of moderate heat risk will continue Saturday across the Central Valley and southern desert areas.
- Locally gusty winds of 25-40 mph and very dry conditions will produce elevated fire weather conditions each day, especially along mountain slopes
 - These winds will likely be strongest across northeast California and the southern California mountains and deserts
 - An approaching trough late this weekend into Monday may cause additional critical fire weather concerns for northeastern portions of California

CALIFORNIA WEATHER IMPACTS
